Fairfax County Environmental Quality Advisory Council's Annual Public Hearing

When: Wednesday, December 14, 2005 at 7:30 PM

**Where: Board Auditorium, Fairfax County Government Center
12000 Government Center Parkway**

The Fairfax County Environmental Quality Advisory Council (EQAC) is an advisory group that has been appointed by the Fairfax County Board of Supervisors to advise the Board on environmental matters. The Council is comprised of one citizen representative from each Magisterial District, four at-large members, and one student representative. Each year, EQAC holds a public hearing to obtain citizen input on issues of environmental concern. The public is encouraged to attend and share views on the state of the environment and to identify any environmental issues applicable to Fairfax County. Environmental issues considered by EQAC include water quality, air quality, noise, hazardous materials, solid waste, stream valley protection, wildlife management, light pollution, visual pollution, and the use and preservation of ecological resources. The Council would welcome your written and/or verbal testimony.

To be placed on the speakers list or for additional information, call the Fairfax County Department of Planning and Zoning at 703-324-1380 (TTY 711- Virginia Relay) or send an e-mail message to EQAC@fairfaxcounty.gov.

In case of inclement weather, call 703-324-1380 the day of the public hearing.
